Depending on monetary funds available, the Iowa District Optimist plans to once again pay the \$670.00 full registration fee to the International Championship for the first-place finisher in each age division at the Iowa District Qualifier. Optimist International requires the Iowa District Optimist to pay the full registration fee for the Boys 16-18 and Girls 15-18 age division, however the District is not required to pay full registration fees for the other three age divisions. A final decision will be made on whether the District has enough monetary funds available to cover all age division's full registration fees when registration to the Iowa District Qualifier closes on June 10, 2024. Age division first place finishers will be responsible for the payment of their own travel to the International Championship, however the Iowa District Optimist suggests qualifiers reach out to their local Optimist Clubs to see if additional funds are available from the local Clubs to help with travel expenses.

Additional qualifiers in each age division will be responsible for payment of their registration fee and travel to the International Championship, however the Iowa District Optimist suggests qualifiers reach out to their local Optimist Clubs to see if additional funds are available from the local Clubs to help with travel expenses.
